NO. 111.

POOR SEED A CRIME

NO EXCUSE FOR POOR CORN CROP
IF SEASON IS RIGHT.

NOW IS TIME TO SELECT

A Few Hours Work at the Right Time
and Proper Care Will Assure
Good Seed Corn.

Prof. John E. Cameron of the agricultural department of the State Normal, in writing to Profitable Farming and Rural Life, published at St. Joseph, under date of October 1, has this to say in regard to the importance and method of selecting seed corn from the fields this fall:

There is no work on the farm so easily put off as the gathering of the seed corn for the future crop. A few hours' work for two or three days on most farms at this time of year would secure plenty of good seed, provided it is properly cared for during the winter.

All the modern corn planters are so constructed that any farmer can plant his corn thick or thin just as he wishes. Then why do we find some fields where the corn is thick and others with a poor stand. The farmer has failed to adjust his planter to the size of the kernels or he was afraid the seed might not all grow, hence where it did all grow it was too thick to produce good ears. Then again he may have thought it all would grow and as a part failed a poor stand was the result.

These losses can be avoided. It is short of a crime to raise a poor crop of corn if the land and season are capable of producing a good one. The writer has noted that in Northwest Missouri one season the seed corn is said to be bad, another season it is said to be good. When we farmers learn to use our common sense and go out into our corn fields, select good seed ears and hang them up in a dry place where there is free circulation of air so that they may be thoroughly dried before freezing weather sets in; then if they are kept dry we will never hear of poor seed corn.

Every year early in the spring we hear a great deal about testing seed corn. Agricultural experts ask the question, "Have you tested your seed corn?" All the newspapers directly interested in rural life ask the farmers at that season of the year, "Have you tested your seed corn?" My dear friends, this is the time of the year to get busy about seed corn. Keep the germs or embryos in every kernel of every seed ear alive and strong and you know the corn will grow the following spring and you will raise a bountiful crop if other conditions are at all favorable.

There are other advantages to be gained by the corn grower who selects his corn from the field over the one who selects his corn from the crib. The writer is nearly six feet tall and yet it is nearly impossible to reach the tip of the ear on one stalk while the other ear is the right height for husking. In the one stalk the joints are far apart making a greater distance between the leaves, while the ear has a strong shank holding it upright so that the rain can enter the husk and spoil the ear for seed by causing some of the kernels to start to grow. The other is a more compact stalk, the ear turning down and the husk keeping it dry.

If you were in the field you would not think of selecting the ear on the long drawn out stalk with its high up in the air, standing straight up ear, although in the crib it might look superior to the ear on the other stalk.

Do we want to grow corn on stalks that will not support the ears? Husk the corn, haul it to the crib and the chances are that the ear from the broken stalk will be selected for seed.

All farmers should go through their best corn, collect the good seed ears until they have three or four times enough corn for next year's seed then from this collection the best ears enough for next year's planting and then place this corn where it can be kept dry. This will insure each farmer good seed corn and a big crop for next year.

Drew Claim in Montana.

Miss Nettie Smock of Lodgepole, Mont., daughter of Mr. and Mrs. Henry Smock, living east of Maryville, writes her parents that she drew number in the recent land drawing in that country. Her number was 7012. She will investigate her prize and if worth anything at all she will use her rights in regard to it. Miss Smock has been in Montana since last April.

TALK OF WATER PLANT.

Proposition is Being Discussed by the Citizens of Burlington Junction.

Burlington Junction is now agitating a water works system, and it is probable that such a plant will be had at that town within the next few months. The following is what the Post has to say about the matter in their issue of this week:

Rufus E. Lee, manager of the Lee Electric Light company of Clarinda, Ia., started the ball rolling Monday when he suggested that his company and Monk & Fordyce, who are preparing to put in an ice plant, buy the light plant of the city and furnish a 24-hour service from Clarinda. Mr. Leet said that the company could furnish light to the consumers at less than they now pay.

When this plan was proposed it was suggested by some of our business men that the money received from the light plant be used to install a municipal water works system, and this idea once proved popular. Mr. Lee said that motor power would be furnished by the company at 5 cents a kilowatt for pumping the water to the stand pipe, and that in towns where this method was being used it was unnecessary to employ an extra man to attend to this work.

Of course before definite action could be taken on the proposition it would be necessary to get an accurate estimate on the cost of a water system, a rate for residence and street lights and power and a number of other important things. When these were decided the proposition would be in shape to submit to the people.

Blanchard's water works system will cost them approximately \$7,000, and it is estimated that Burlington Junction could install a system for a little more. Blanchard has a 50,000 supply tank and the water is pumped by the Lee company at 5 cents a kilowatt, or a minimum of \$25 a month. Hopkins voted \$11,000 for its system.

There is no question but what Burlington Junction needs a system of water works and almost everyone approached on the subject is heartily in favor of making the change whereby the town can get a 24-hour service, and the water works, providing satisfactory arrangements can be made with the company furnishing the power. Other towns of less population than Burlington Junction have these modern conveniences and the day is fast approaching when people demand them.

Miss Moss Home From Europe.

Miss Kate Moss, well known in this city, arrived in Kansas City Monday, after nearly a two years' stay in Europe, where she taught a year in the schools of Sofia, Bulgaria, and had many thrilling experiences during the war. She is already booked for several lectures. Miss Moss is a brilliant woman and will be able to entertain any audience with her observations of two years' travel, study and teaching in Europe.

Visited His Daughter.

M. K. Thompson of Concordia, Kan., who has been visiting his daughter, Mrs. M. E. Stark, and family, living four miles east of Maryville, will return home Saturday. Mr. Thompson has been living at Concordia for seven years, but previous to that time had lived in Nodaway county forty years.

PATHE MAN HERE

TO TAKE MOTION PICTURES OF FALL FESTIVAL EVENTS.

CHILDREN TO PARADE

Many Have Arrived—Aviator Bleakley Will Try to Fly This Afternoon—Good Crowd Here.

Tonight's Program.

7:30 p.m.—Alvaredo's performing goats, on platform at Second and Main streets.

8:00 p.m.—Flying Delmar, trapeze act, corner Fourth and Main streets.

8:15 p.m.—Angell's Comedians will play "Ishmael." Prices 10 and 25 cents.

Motion picture shows at Empire theater, 10c.

Fern theater, 10c.

Star theater, 10c.

10:30 p.m.—Elsie, the diving girl, corner Third and Market.

The closing day of the fall festival opened this morning under unfavorable circumstances. The rain of Thursday night and the threatening weather early this morning and later rain, put a damper on the closing day's events.

The day's program opened with a concert by the Maryville band. The free acts were given.

Aviator Bleakley had made no flight up to the time this edition went to press. He said this morning that he would try and make one this afternoon if the weather is permitting.

Bleakley made no flight on Thursday on account of the strong wind. This was a great disappointment to the big crowd that was in the city on that day.

A very good crowd is in the city considering the weather conditions, and everything will be given that is on the program.

E. B. Steen, representing the Pathé Motion Picture company, arrived Thursday evening. He will take pictures of the aeroplane flight and also of the other entertaining features of the festival for his company. The are to be shown in the Pathé weekly pictures. Mr. Steen will leave this evening for Omaha, where he will take a number of pictures for his company.

All arrangements are completed for the children's parade, and it promises to be a great success.

Three schools had come in and reported to Superintendent Oakerson at 10 o'clock, one of them being from up near the Iowa line. The three which were in at that hour were the Highland, west of Hopkins; Happy Hollow and South Highland. The schools are to meet at the Empire theater at 1 o'clock. The line of march will be north on Main street and around the square, where the pictures will be taken.

As to Price of New Corn.

There has been much speculation as to what the price of new corn would be, says the Burlington Junction Post. Some has sold for 65 cents and it is believed that this price will be the rule for good corn for a time, at least. The corn on the river bottom will average of better quality than that on the uplands, but the farmers are getting some surprises on the yield of many of the fields. Husking is the order of the day on some of the farms now, and the corn is better in many cases than was expected.

Returned to Windsor.

A. D. Saunders and family of Windsor, Mo., were in Maryville over Thursday night with Joseph and Will Saunders. They went to Parnell Tuesday morning with the body of their wife and mother, whose death occurred Sunday in a Kansas City hospital, where the funeral services took place, the burial near Orrsburg.

Home From Rochester.

Mrs. W. C. Pierce and Miss Dorothy Pierce returned late Thursday afternoon from Rochester, Minn., where Mrs. Pierce has been taking treatment at the Mayo sanitarium. Mrs. Pierce is greatly improved in health.

(Continued on page 4)

10:30 FOR "BEAUS"

HOUR IS NOT TOO EARLY TO LEAVE, SAYS CROY.

CHILDREN TO PARADE HIS RACE WITH A DOG

All of Homer's Troubles Might Have Been Saved Had the Hour Been Established Then.

Homer Croy, writing in Collier's Weekly on "Setting a Time Limit for Beaus," is in favor of the 10:30 limit. He tells why he favors it in the following article:

In Missouri there is an agitation among the farmers' wives to send the young men who come to call on their daughters home at 10:30 o'clock. If this plan had been adopted a few years earlier it would have saved me a great deal of suffering.

A few years ago, before my hair began to slide down my collar, there was nothing that I loved to do more than sit in a girl's parlor and discuss the great questions of the day. These great questions of the day usually consisted of how pretty her dimple looked in low light and what marvelous expression lay in the limpid depths of her great brown eyes. I have often discussed this matter with her until midnight and then felt that I had just barely opened up the subject.

To discuss this I had to sit on the same sofa with her, and I found that I could think better in a low light. It seems that my mind works best when the light is low and when she is close enough for me to do my thinking in a whisper. I have noticed that this is especially true when her father is sleeping in the next room. There is nothing that I would rather do than discuss the great questions of the day with a girl. Especially if she is a pretty girl. I love to take her by the hand and try to explain the tariff, the Mexican situation and other deep questions that I have heard about.

I have discussed many great questions of the day with girls on the old hair sofa back in Missouri. One queer thing about the great questions that I have noticed is that no difference what question we start off on it usually ends by my telling her how glossy her hair looks in the sunlight. I can start out talking about "Our Duty to the Philippines" and the first thing I know I am telling her what a picture she made yesterday under the apple blossoms with the great, red sun shimmering through the tumbling branches and lighting up her golden tresses. As with thinking I have noticed that I can discuss great questions better if the light is turned low. I can figure out better plans for the government to follow if the light is just barely a glimmer.

My best government work is done just as the light is about to go out. One evening I went to call on a girl to discuss the Mexican situation. I started in by sitting clear across the room from her, but the first thing I knew I found myself on the same sofa with her. So deeply was I interested in the subject that the first thing I knew it was after midnight. Still I did not wish to go home as I had not yet thought up a good plan for the government to follow. I did not wish to desert the government in its hour of trouble. I was sitting there turning the plan over and over in my mind when I heard a deep, guttural cough just on the other side of the partition. I gave this only passing heed as I had not yet settled the Mexican trouble to my entire satisfaction.

Again I heard the same cough, but still I did not wish to drop the subject, although one of my feet was fast asleep. Again came the same disagreeable cough, followed by a step, but still I thought nothing of this and continued my plans for a better, greater United States where we could all go to the theater every night and have ice cream twice a day and that I was expecting a raise in salary. Just as I had finished telling her that she was the only woman who had ever understood me, I heard a door creak on the left, and the puncture was set in, and the puncture will gradually heal.

Was Knocked Down by Horse.

J. Lloyd was injured on Thursday afternoon on North Mulberry street when a horse ran over him. Lloyd was leading the horse down the street. The horse took fright at something along the side of the road and knocked and ran over Lloyd. He is not seriously injured but received a number of bruises on the face, arm and his knee.

(Continued on page 4)

BOY STRUCK BY CAR.

Son of Mr. and Mrs. J. P. Norris suffered Concussion of the Brain Thursday Evening.

Arthur Norris, the 11-year-old son of Mr. and Mrs. J. P. Norris of West Halsey street, was struck by a car Thursday evening about 5 o'clock, while on his way home from the State Normal grounds, where he had gone to see the airship flight that could not be made.

The accident at the corner of East Fourth street, near the residence of J. D. Frank, just as the boy had safely passed over the street in front of an automobile, when he was struck by a car that was coming from behind and went by the car he had passed. Luckily the blow threw him away from the car on his back on the pavement. He would have been crushed to death if the car had passed over him.

He was carried to Mr. Frank's home and his parents notified, and was taken home later, after attention by physicians had been given him. He was delirious all night, but was better Friday morning, although very restless. His physicians say he will recover.

GOT EVERYTHING IN SIGHT.

Tableau, One of the Colts Shown by J. F. Roelofson at the American Royal Stock Show.

J. F. Roelofson returned Friday morning from Kansas City, where he was an exhibitor at the American Royal Stock show.

Mr. Roelofson's colts have been winning some of the best prizes hung up at the American Royal Stock show this week. These colts are sired by Phoenix, and among them is the yearling Tableau, which was such a sensational winner at the Missouri state fair last week, and was equally so at the American Royal show this week, winning first in the yearling classes over a large field of excellent colts, then was made champion over all under 3 years old, then champion of American bred stallions, all ages competing, and also the grand championship, and last, the two gold medals awarded by the Percheron society of America. His 2-year-old Dynamo stood second in a large ring of good imported horses after winning first at the Missouri state fair last week.

VISITORS FROM COLORADO.

People Here From Famous Resort That Had 8,000 Cars of Tourists This Summer.

Mr. and Mrs. W. S. Norris of Colorado Springs, Col., arrived in Maryville Thursday on a few days' visit to J. P. Norris and family. Mr. Norris says there were 8,000 cars of visiting tourists through Colorado Springs this summer, representing every state in the Union. The city requires registration of all auto tourists who remain in the city as long as three days.

The largest number of automobile travelers that visit Colorado Springs are from Missouri, Kansas and Texas.

HAS AN AUTOMOBILE.

Rev. C. J. Miller, Who is Located in Greeley, Col., Is Now Taking Joyrides.

A card from Rev. C. J. Miller, formerly pastor of the Christian church of this city, and who left here October 1 to assume the pastorate of the church at Greeley, Col., says that he has purchased an automobile. Rev. Miller seems to be well pleased with his new location, and on last Sunday had eight additions to the church. Such a beginning is quite an encouragement to him.

Filled His Ear With Wheat.

Orville Kelley, the young son of Mr. and Mrs. Ira Kelley, living northwest of Maryville, amused himself a few days ago by filling one of his ears with grains of wheat. He is being treated by Dr. F. R. Anthony, who has not yet succeeded in removing all the grains from the ear, but will in a few more treatments. The ear drum was punctured, but no serious results are expected, as serious inflammation has not set in, and the puncture will gradually heal.

Exhibited Some Fine Apples.

Lewis Annan of Clarinda, Ia., had an exhibition of nineteen varieties of apples on display at the information booth on Thursday. They were a fine lot of apples and were admired by a large number of people.

THE WEATHER

Probably showers tonight and Saturday; cooler.

Road Rules

In order that the crossing policemen may know which direction you wish to go, drivers of automobiles will please observe carefully the following rules:

One honk of the horn—Straight ahead.

Two honks—Short turn to the right.

Three honks—Long turn to the left, keeping on right side of the white spot.

These rules are made for your protection as well as for the protection of the public.

Keep this where it will be convenient for reference.

(From Democratic Press Bureau.) Every Democrat in Missouri was glad to see ex-Governor Folk given a prominent position in the present Democratic administration at Washington. The old factional feud has died out in Missouri, and now the party stands as one man behind the state and national administrations, rejoicing alike in the preference of every worthy Democrat.

After December 1st the consumer will get the benefit of the following cuts in the tariff on the necessities of clothing:

Wool underwear—Old tariff, 23 per cent; new tariff, 35 per cent; saving 54 per cent.

Wool clothing—Old tariff, 79 per cent; new tariff, 35 per cent; saving 44 per cent.

Wool dress goods for women—Old tariff, 39.7 per cent; new tariff, 35 per cent; saving, 64.7 per cent.

Cotton clothing—Old tariff, 50 per cent; new tariff, 30 per cent; saving 20 per cent.

Cotton collars and cuffs—Old tariff, 64 per cent; new tariff, 30 per cent; saving, 34 per cent.

Cotton stockings—Old tariff, 75 per cent; new tariff, 40 per cent; saving 35 per cent.

Cotton underwear—Old tariff, 60 per cent; new tariff, 30 per cent; saving 30 per cent.

Trimmed hats—Old tariff, 50 per cent; new tariff, 40 per cent; saving 10 per cent.

This ought to help the man with a family to clothe very materially.

The state Democratic administration stands for better schools and better roads. Two pretty good planks to go before the people upon, thank you.

A few years ago the Republicans charged that the Democratic party was a party of obstructionists; that it had no adhesive qualities; that it could not carry any issue to a successful conclusion. But all of that prophecy has been doubly discounted now. The Democratic party that does things, that gets results, that enacts its platform into statutes, and the Republican party is the party of obstructionists. The only part of its harness the elephant uses now is its pull-back straps.

As we understand it, the new currency law proposes to take the control of the money of the United States out of the hands of the government. Such an arrangement would make it impossible to pull off a "made to order panic" in order to force congress to do the bidding of the money changers

of Wall street. If the new currency bill becomes a law, when you have money in a bank, you can always get it when you want it.

The Progressive party is a bit shy about lying down with the Republican party in the political pasture next year. It is safe to say that if the two parties get together, the young Bull Moose will be inside of the old Elephant.

Governor Major was elected for a term of four years and the governor says that he will serve his term out if he lives. That's a pretty good brand of genuine Democracy, thank you.

Mr. Republican, be not deceived. Democracy is not mocked, for who-soever the Democratic party nominates for United States senator next August the people will elect to the senate at the general election.

Jay Drivers.

The following editorial from the University Missourian of Columbia pertains to Maryville and should be heeded:

In this age of motor-driven vehicles it is perhaps well for us to make our point of view, our opinions and our laws conform to the convenience of the motor drivers. But it is not necessary for us to risk ourselves, our children and other people's children to whims of the jay driver.

And Columbia has these jay drivers too. There are reckless chauffeurs on the streets of this city at all times. They are men who have forgotten, probably deliberately that Columbia has speed ordinances. They know it is impossible for the police to be at all parts of the city at all times, and they take a chance on this fact.

Not many of them are caught. It wouldn't do much good if they were—only a small fine. But let's look at the proposition from another angle. Let us—the drivers, the police and the citizens—face the danger thinking and do our part to minimize it. It will be too late if we wait until there has been a serious accident.

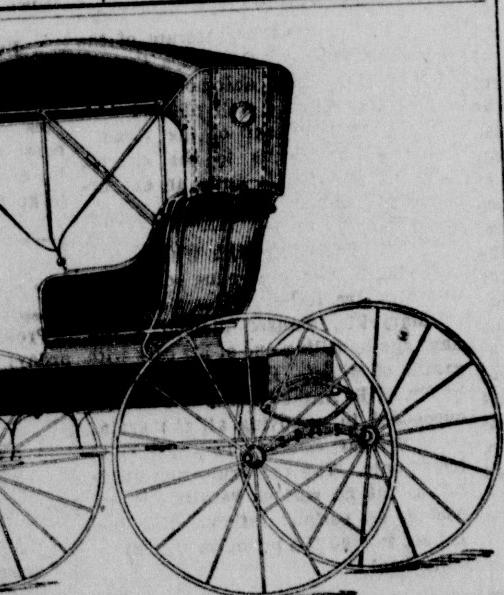

Another Packed House.

Another packed house at the big tent last night to witness "Lena Rivers" presented by the Angell company. The play was well presented last night and brought out some extra strong acting in the different parts. The Chicago Ladies' Orchestra gave a pleasing musical program, which was enjoyed by the large audience. Tonight the company presents their big feature play "Ishmael," and we would advise the show going public if they want seats tonight to go early for the tent will not be able to hold the big crowd tonight that are anxious to see this great play.

A big feature play, "Ishmael," to-night by Angell's big company at the big tent.

Mr. and Mrs. Frank Seither of Cleveland, O., who have been visiting here with Mr. and Mrs. T. J. Hurley, left for their home Thursday, stopping in St. Louis for a short visit.

Mr. and Mrs. C. R. Watson of Guilford were guests of Miss Florence From for the fall festival Thursday.

News of Society and Womens' Clubs**Married in Omaha.**

Miss Sylvia Webster, daughter of Mr. and Mrs. W. A. Webster of South Vine street was married Thursday in Omaha to Mr. Coll Pullman of Sidney. The bride came to Maryville only a short time ago with her parents to make her home. She went to Omaha Thursday morning to meet Mr. Pullman. They will make their home at Sidney.

Wedding Party Here.

Mr. and Mrs. Edward Doran, who were married in Severance, Kan., Tuesday morning, and Mr. and Mrs. Charles Cambon of Pueblo, Col., arrived in Maryville Thursday night and are guests at the home of Mr. Doran's parents, Mr. and Mrs. William Doran. Mrs. Cambon is a sister of Mrs. William Doran. After a visit here the bride and groom will go to their home in Pueblo, where Mr. Doran is employed as an abstract writer.

Guests at the Infair.

Quite a number of relatives and friends enjoyed a gay day at the home of Mr. and Mrs. S. B. Craven of the Myrtle Tree neighborhood Thursday, when they gave a banquet at 12 o'clock in honor of their son, Arta A. Craven, and his bride, who were married Wednesday at the home of the bride's parents, Mr. and Mrs. Lincoln Partridge. The rooms were adorned with jardinières of purple wild flowers and the table was beautiful with its center of red geraniums and sprays of geranium leaves. The guest list included Mr. and Mrs. Arta A. Craven, Rev. and Mrs. C. R. Green, Mr. and Mrs. Lincoln Partridge, Mr. and Mrs. Noah Davis, Mr. and Mrs. John Davis, Mr. and Mrs. James Craven, Mr. and Mrs. Milo Torrey, Mr. and Mrs. Edmund Harvey, Mr. and Mrs. Harley Nelson, Mr. and Mrs. Robinson Craven, Mr. and Mrs. B. F. Allen, Mr. and Mrs. Preston Seafers, Mr. and Mrs. Cooper Gooden, Mr. and Mrs. Ernest Welborn, Mr. and Mrs. Fred Curfman, Mr. and Mrs. E. C. McKee, Mr. and Mrs. C. G. Harbison, Mr. and Mrs. G. H. Null, Mr. and Mrs. A. A. Wiley, Mr. and Mrs. M. S. Casteel, Mr. and Mrs. L. E. Casteel, Mr. and Mrs. F. H. Casteel, Mr. and Mrs. J. S. Casteel, Mr. and Mrs. C. Steiger, Mr. and Mrs. I. O. THE SISSON LOAN AND TITLE CO.**Light Rain Thursday Night.**

A light rain fell Thursday evening, amounting to .03 of an inch. It was accompanied by quite an electrical storm. The lightning and rain frightened many people who had come to the festival, and the Thursday night's events were not given.

Visiting His Friends.

C. W. Spillman of Darlington, former night clerk at the Ream hotel, is in Maryville visiting his old friends. He has gone back to his old place as clerk at the McCulley house at Darlington.

Don't miss seeing "Ishmael" tonight at the big tent.

Barkhurst to the Gazette.

H. F. Barkhurst, a former city editor of the Maryville Tribune, but for the past four years with the Springfield Republican, has within the past week become editorial writer for the St. Joseph Gazette.

Left for Kansas.

Mrs. Jesse Watt and daughter, Ruby Lucile, of Healy, Kan., who have been visiting Mrs. Rebecca Gray and other relatives for several weeks, left for their home Thursday evening.

To the Fillmore Charge.

Rev. W. F. Wiley, formerly pastor of the M. E. church at Clearmont, is to take charge of the church at Fillmore instead of Bolckow, as given out in this paper Tuesday.

On Visit in Iowa.

Mrs. J. C. Allender left Friday on a visit to her sister, Mrs. N. E. Gueinsey, of Milton, Ia., and with Dr. Allender at Bloomfield, Ia.

D. A. Webster, who has been employed as a baker at Reuillard's, has gone to Burlington Junction, where he has secured employment.

Mr. and Mrs. F. Donan of Mound City are visiting in the city with their daughter, Mr. and Mrs. Walter Wray.

Mrs. Edna Manion of Troy, Kan., returned home Thursday evening from a visit with Mrs. Alice Ritter.

W. R. C. market, Price & McNeal's, Saturday, October 12.

A big feature production at the big tent tonight, "Ishmael."

A HAPPY CHILD IN JUST A FEW HOURS

When Cross, Constipated or If Feverish, Give "California Syrup of Figs," Then Don't Worry.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Advertisement.

Paid a Good Price for Corn.

W. W. Jones paid about the highest rent for land that has ever been given in this locality the last of the week when he gave W. H. Davis a check for \$425 for twelve and a half acres of corn in the field. Will rented twenty-five acres of the Davis farm, near the railroad bridge on shares. The corn looked so good that he decided he wanted it all and bought Mr. Davis' share in the field. It is one of the best pieces of corn in the country and a great deal of it will be good for seed.—Burlington Junction Post.

Mrs. A. C. Thompson, Mrs. M. M. Pollard, Mrs. W. R. Burnham, Mrs. J. D. Icke, Misses Gertrude and Etta Icke of Barnard were among the visitors at the festival Thursday.

Uncle Johnny Kime of this city, who is 79 years old, is much better Friday. Mr. Kime is in the hospital and a few days ago had an operation performed.

Will You
Succeed
or Fail?

"Youth a mistake; manhood a struggle; old age a regret!"

How many lives can be summed up in those ten words? How many failures can be traced to the mistakes of those who neglected to save money in youth to meet the added responsibilities of manhood and the burdens of old age?

Begin saving right now. Place yourself beyond the reach of the fearful uncertainties that menace the future of the thrifless.

We ask you to call and let us show you how easy it is to start a bank account.

Dark Days Coming!

With the shortening of the hours of daylight the strain upon the eyes becomes greater, with its consequent effect upon the vision.

Have Your Eyes Examined NOW.

Those just bordering upon the time when they need glasses will do well to attend to it at once, while those already wearing them should see to it that they still fit as they ought to. Good eyesight can be fostered just as you can preserve anything else with proper care.

Come in Now.

Pearns Brothers

Chinese Sacred Lilies

These are grown mostly in water in bowls, with enough pebbles around them to keep from toppling over. Plant now for Christmas flowers, and a succession of flowers can be had by making several plantings. Selected bulbs, 10c each; 3 for 25c; \$1.00 per dozen, or \$2.25 per original Chinese basket of thirty bulbs. All other kinds of bulbs ready now to plant for indoor use or for outdoor planting. Fresh cut flowers for any occasion in appropriate arrangements.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" Ends Indigestion, Gas, Dyspepsia and Stomach Misery in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach, headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; beside, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Advertisement.

AGAIN AFTER BEEF TRUST

House Committee to Make Another Sweeping Investigation.

Washington, Oct. 10.—Another sweeping investigation of the beef trust is assured. Representative Kinkead of New Jersey, who has introduced a resolution of investigation, was assured by the house judiciary committee there would be a searching inquiry in December. He declares the investigation will show criminal violations of the law. Whether the beef trust is seeking to exact high prices from consumers here despite free meat may be illuminated. Much of the evidence which Senator Kenyon uncovered as assistant to the attorney general is likely to be utilized.

"Hunger Strike" is Played Out.

London, Oct. 10.—The belief of the militant incendiaries that under the "cat and mouse" act they were assured speedy release from prison by "hunger striking" and could then repeat their offenses received a rude shock by the announcement of the home secretary that Miss May Richardson, who has been in prison since Oct. 4 on the charge of arson and who has been refusing food since her arrest, would not be given her freedom. The prison authorities have been instructed to resort to forcible feeding, if necessary, to prevent the women from starving themselves to death.

Oil Suit Up to Supreme Court.

Denver, Oct. 10.—The legal issues involved in the suit of the federal government against the Midwest Oil company were sent for solution to the supreme court of the United States. A list of six questions, prepared by the judges of the United States circuit court of appeals, was certified, filed, then mailed to Washington. Upon the opinions of the supreme court on these questions depends the title to millions of acres of oil lands in Wyoming and California, which the government seeks to retain to furnish a supply of fuel oil for the navy.

England Takes Over Opium Monopoly.

Hongkong, Oct. 10.—The British government has decided to establish an opium monopoly in Hongkong at the expiration of the present agreement and it is thought that with the control of the traffic in the hands of the government its gradual suppression will be easier.

Hawthorne's Term Nearly Finished.

Washington, Oct. 10.—Julian Hawthorne, the author, and Dr. Morton, sentenced with him to Atlanta penitentiary after conviction of complicity in using the mails to defraud, will be free men again next Wednesday, when their terms expire.

BOOTH'S HYOMEI

Has Benefited Thousands of Catarrah Sufferers—Will Do the Same for You or Money Back.

The Hyomei treatment that has effectively benefited many thousands of sufferers from catarrah, bronchitis, husky voice and colds in the head, is easy and pleasant to use. Just pour a few drops in the inhaler and breathe it in—no stomach dosing. The healing, soothing and antiseptic air will reach every nook and crevice of the mucous membrane of the nose and throat; will surely stop crusts in the nose, raising of mucus, hawking and that choked-up feeling. It will quickly allay the inflammation and banish the disease or money refunded by the Orear-Henry Drug Co.

A complete Hyomei outfit, including inhaler and bottle of liquid, costs only \$1.00, and an extra bottle of liquid, if afterward needed, is but 50 cents.

SOLDIERS INVADE NATIONAL CAPITAL

President Reviews Brigade Assembled From Several Posts.

SEES LATEST CAVALRY DRILL

Maneuvers Are Made in Troop, Squadron, Regimental and Brigade Formation Under New System of Tactics—Col. Murray in Command.

Washington, Oct. 10.—The brigade of khaki-clad soldiers which invaded Washington to pass in review before President Wilson disbanded today and was sent to the different posts from which it was assembled.

The review was planned especially to show the great advance made in cavalry tactics. The men constituted the strongest regular mounted force of the army that has passed before a president since the close of the civil war.

With the review over the maneuvers immediately followed. The tests were made in troop, squadron, regimental and brigade formation. One feature of the new system was the drills without bugle calls or shouted commands. Save for the clatter of the horses' feet, absolute silence prevailed.

Intricate drills showed the latest skill and horsemanship resulting from following since mid-summer a program of exercises formulated by a board which within a year returned from Europe, where the cavalry systems of Germany, France, Italy and England were studied. The brigade was commanded by Colonel C. H. Murray.

SULZER TRIAL NEARS END

Governor's Attorney Denies All Charges—Parker Talks for Assembly.

Albany, N. Y., Oct. 10.—A picture of Governor Sulzer as a man of integrity, but poor business ability, a general denial of all charges against him and a charge that unfair tactics were used by counsel for the board of managers, marked the first of the final arguments in the impeachment trial, delivered by Louis A. Marshall.

Alton B. Parker, for the assembly managers, denounced the governor as one whom the "uncontradicted proofs which have been spread upon this record" showed was no longer "fit to be the chief executive of this state" and for whom it was "absolutely impossible ever to regain the confidence of the people."

The governor knew, Judge Parker said, that when he signed the statement of campaign contributions, placed before him by his secretary, Louis A. Sarecky, "that the statement was untrue."

Attorneys for each side were allotted five hours for making their summing address. It was believed that at the end of the arguments tonight the court would adjourn over Monday, which will be observed as Columbus day, until Tuesday. Then voting on the constitutional objections to the impeachment articles, brought by attorneys for the defense and the impeachment articles themselves will begin.

WILL NOT DRAW COLOR LINE

Nebraska Athletic Board Turns Down Protest of Kansas.

Lincoln, Oct. 10.—The Nebraska athletic board decided to turn down the protest of the University of Kansas and the Kansas Aggies against Clint Ross, Nebraska's big guard, on color lines. Secretary Clapp was notified to immediately wire the Kansas schools of the action of the board.

Not a dissenting vote was cast against the resolutions, which Coach Steinhoff himself drafted, declaring Ross eligible to participate in the games. The resolutions called attention to the fact that Nebraska had never enforced the color line and had always allowed colored players to participate. The board took the attitude that now was not the time to invoke the rule.

The sentiment prevailed that both schools were protesting from insincere motives. Nebraska's action may lead to an athletic split between Nebraska and Kansas, but the board announced that the resolutions passed indicated its final attitude in the matter.

CONDENSED NEWS

Prince Ernst has yielded to the Kaiser's wishes and will not seek the Hanover throne.

A strong earthquake shock, lasting twelve seconds, occurred at Messina, Sicily, and caused considerable panic just at the time when the American Red Cross orphanage was being opened at Palmi.

Upon hen "C 543" the Oregon agricultural college has conferred the title of "the greatest hen in the world." She has just laid her 283d egg within a year, making what is said to be a world's record.

Hugo Lewis, a race driver, was fatally injured in a collision with Jack Lambton's car at the Vincennes (Ind.) auto races. Lewis is a son of Mrs. J. A. Boolsel, a wealthy oil well owner of Bridgeport, Ill., who was an eye-witness.

Proposed church legislation on marriage and divorce occupied the attention of the house of deputies at the triennial general convention of the Protestant Episcopal church at New York.

Public Sale

For convenience we will hold the sale at my residence on North Main Street, commencing at 1:30 p. m., promptly. Take conveyance at Linville Hotel and, if interested in good hogs, come in time for dinner, look the hogs over and spend the day with us. We will appreciate your presence, whether you buy or not.

W. O. GARRETT

R. P. HOSMER, Auctioneer

Mrs. Nora Michael and daughter of Marshall, Okla., are visiting in the city with Mrs. W. B. Blachley and Mrs. Arthur Warren.

S. G. Massie and family of Hopkins were fall festival visitors Thursday, and were accompanied by Miss Cora Elliott of Bolckow.

PRESIDENT SETS OFF DYNAMITE

Wilson Touches Button Bowing Up Gamboa Dyke.

Washington, Oct. 10.—President Wilson pressed a button at the White House this afternoon, releasing an electric current that traveled over land and under sea to the Panama canal and exploded a charge of dynamite which destroyed Gamboa dyke, the last great physical obstruction to the opening of water communication between the two oceans, although the wreckage of the dyke and two earth slides, one at Cucaracha and another at Gold hill, must be cut through before the canal actually can be opened.

The spark exploded the thousand charges of dynamite which had been buried in the 300 feet of dyke which stood between Gatun lake and the famous Culebra cut.

Construction of Gamboa dyke was celebrated all along the Pacific coast.

YUAN'S INAUGURAL MESSAGE

Emphasizes Friendly Intentions of New Chinese Government.

Peking, Oct. 10.—The friendly intentions of the Chinese government toward foreign interests were strongly emphasized in President Yuan Shih Kai's inaugural message to parliament today. On this subject he said:

"The attitude of the foreign powers toward us has always been one of peace and fairness. They have given us cordial assistance whenever the occasion arose. This, of course, is due to the civilization of the world, yet all the same we highly appreciate the good will of the foreign powers. It is most important for all citizens of the country to understand this and to endeavor to strengthen international friendship.

"With sincerity I hereby declare that all treaties, conventions and other engagements entered into by the former Manchu and provisional republican governments with foreign governments shall be observed and that all contracts duly concluded by former Chinese governments with foreign companies and individuals shall also be strictly observed.

"Further, I declare that all rights, privileges and immunities enjoyed by foreigners in China by virtue of international engagements, national enactments and established usages are hereby confirmed.

"This declaration I make with the view of maintaining international amity and peace."

Public Sale

J. H. HARVEY
Maryville, Mo.

TOTAL CORN YIELD IS 2,373,000,000 BUSHELS

Condition is Sixty-five Per Cent of Normal.

Washington, Oct. 10.—With the gathering of the crops of the country, the department of agriculture continued its preliminary estimates of the production of these crops in the October report of the crop reporting board.

Details of the report, with comparisons for other years (condition figures relate to Oct. 1, or at time of harvest), follow:

Corn—Condition, 65.3 per cent of a normal, compared with 65.1 per cent on Sept. 1, 1913; 82.2 per cent in October, 1912, and 80.6 per cent the ten-year average in October. Indicated yield per acre, 22.2 bushels, compared with 29.2 bushels in 1912. On the planted area, 106,884,000 acres, it is estimated that the total yield will be 2,373,000,000 bushels, compared with 3,125,000,000 bushels harvested last year.

All Wheat—Indicated yield per acre, 15.2 bushels, compared with 15.9 bushels last year, and 14.5 bushels, the average yield, 1908-12. On the planted area, 39,601,000 acres, it is preliminarily estimated the total final production will be 753,232,000 bushels, compared with 730,267,000 bushels harvested last year.

Oats—Indicated yield per acre, 29.5 bushels, compared with 37.4 bushels last year. On the planted area, 38,341,000 acres, it is estimated the total final production will be 1,122,139,000 bushels, compared with 1,418,337,000 bushels harvested last year.

Jury in Ferris Case Again Disagrees.

Los Angeles, Oct. 10.—A second jury disagreement was entered in the case of Ralph Sterling Ferris, a wealthy young man of Rawlins, Wyo., who has been tried twice for the death of Michael Wiezorek, a seven-year-old boy, run down by Ferris' automobile. The jury was out five and a half hours. In a civil suit recently the father of Ferris' victim obtained a \$10,000 verdict.

Did You Say

Yes, here we are six strong old line companies; for all business we can get.

Chas. Hyslop

10:30 FOR "BEAUS"

(Continued from Page 4)

its hinges and in a moment I felt a strange hand on my coat collar. There were hands that I did not mind having around my coat collar, but I felt an immediate distaste for this one.

The feeling was mutual, for in a moment I noticed that my feet were not touching the floor, and in another second I found myself in the yard sitting on my elbow. At the same time I felt a tightening at the seat of my trousers and turned to observe that Napoleon, their dog, was there. I arose to my feet as best I could with Napoleon hanging on and started home. A school house was two miles out; it seemed no time until we had reached it. There I left Napoleon behind, panting and discouraged, but he had put up a good exhibition of running. I had never before been thrown with a dog who was so good on his feet. In a few minutes I was home, although it was usually considered a good morning's drive. I am with the Missouri women heart and soul in their efforts to make it an established custom that young men callers leave at 10:30 o'clock. If this had been the custom a few years earlier, it would have saved much suffering on the part of a brilliant young student of the great questions of the day.
